The man who saw tomorrow is named John Edward. He is a self-proclaimed psychic who has been giving readings for over 20 years. Edward claims to have seen the future of many people, including celebrities, politicians, and even ordinary people. He has also made predictions about the future of the world, including the rise of terrorism and the economic crisis.

Edward's predictions have been met with both skepticism and awe. Some people believe that he is a genuine psychic who has a real gift. Others believe that he is a fraud who is simply making up his predictions. However, there is no denying that Edward's predictions have been remarkably accurate. He has predicted the deaths of several celebrities, including Princess Diana and Michael Jackson. He has also predicted the outcome of several major elections, including the 2008 presidential election.

Whether or not you believe in Edward's psychic abilities, there is no denying that his book is a fascinating read. It is full of amazing stories and insights into what the future may hold. If you are interested in the paranormal or simply want to read a good book, then I highly recommend *The Astonishing True Story Of The Man Who Saw Tomorrow And What He Says Is*.

What Edward Says Is

In his book, Edward makes a number of predictions about the future. Some of these predictions are positive, while others are more dire. Here are a few of the most interesting things that Edward says is going to happen:

- The world will experience a major economic collapse in the next few years.
- There will be a major war in the Middle East that will involve the use of nuclear weapons.
- The United States will be hit by a major natural disaster, such as an earthquake or a tsunami.
- There will be a major breakthrough in cancer research that will lead to a cure for the disease.

- There will be a major spiritual awakening that will lead to a more peaceful and harmonious world.

It is important to note that these are just a few of the predictions that Edward makes in his book. He also makes a number of other predictions, some of which are more specific and some of which are more general. It is up to the reader to decide whether or not they believe Edward's predictions. However, there is no denying that his book is a fascinating read that will make you think about the future in a whole new way.

The Astonishing True Story Of The Man Who Saw Tomorrow And What He Says Is is a book that is sure to stay with you long after you finish reading it. It is a book that will make you think about the future and the possibilities that it holds. Whether or not you believe Edward's predictions, there is no denying that his book is a fascinating read that will stay with you long after you finish it.
